Bookkeeping

We are a Bookkeeping and Accounting Firm in Dubai that is helping clients with high-quality and effective accounting and bookkeeping services in Dubai, Abu Dhabi, Sharjah, Ajman and all across the UAE. We are enabling our client to gain simple, straightforward and competitive benefits without losing moral principles with the help of our best bookkeeping and accounting services. We can prepare the accounts for you in accordance with accounting standards.

Value Added Tax

The UAE Ministry of Finance (MoF) along with Federal Tax Authority (FTA) have slated several taxation policies for commercial entities and enterprises in the country. The recent shift in the economy system; tax implementation in UAE and the exclusion of tax-free jurisdictions have made it essential to comprehend tax in UAE. Accommodate these changes and manage your finances in the most compliant ways with Precise Accounting and Bookkeeping.

Audit and Assurance

We are among the top listed auditing companies in Dubai, UAE. Our Firm has gained huge popularity and respect as best Audit firm in Dubai with effective services like external audit, internal audit & control system review, business valuations and other business advisory services in Dubai. Through the years of immense experience and knowledge in Accounting and Auditing sectors, we have tailor made services with the most credible approach.

ERP Solutions

Successful organizations view technology as a critical part of their business strategy. Our consultants can help you uncover best IT Services & Consulting to solve your difficult business tasks. We provide a wide range of ERP solutions, approved by Federal Tax Authority in UAE. The creativity and strategic planning with our combination of expertise allow us to design effective and perfect solutions that can handle the toughest challenges faced by modern businesses.

Company Incorporation

We are one of the best business setup consultants that are helping investors setting up companies all across the UAE. Our agenda at PABK has been to guide our clients with the best. Hence, we put together a unique team of UAE business setup consultants, lawyers, PRO executives and company formation experts. We are passionate about delivering outstanding service & ensure that our clients get the maximum benefit from our expertise.

Payroll Services

In a recent business environment, payroll process has become a very important & difficult organizational task. To conduct payroll services in-house, you need lots or optimized resources, lots of time and professional staff. Rather, if you hire any payroll outsourcing companies in Dubai for payroll process you could use the same staff somewhere else, reducing overall time spent on payroll process and saving on costs incurred on them.

Business Plans

Our advisory services team specializes in preparing professional business plans for wide variety of industries and business. Our business plans are widely accepted by all industries. Whether you want to raise capital, secure loan or pitch to an investor, we can assist you in your efforts to prepare a business plan and financial model.

Business Valuation

Our valuation professionals offer substantial expertise in business in business valuation of private held companies in a wide variety of industries. We can prepare comprehensive valuation for a variety of businesses regardless of size and structure.

Outsourced CFO Services

In today's competitive business world where profits have to be shored up – managing costs and cash flows has become paramount. In this environment, the utilization of virtual CFO services is the way many companies are taking since the cost of a CFO disappears once the project is over and the ship is back on an even keel.

The benefit of having a virtual CFO are many but mainly you get access to a highly qualified finance individual as and when a business requires and also allows them to manage their costs and not employing a full time CFO.

All businesses profit and gain from having a highly qualified and senior finance person to guide them as and when required and the virtual CFO availability helps keep the costs low.

HR Consultancy

Precise Accounting and Bookkeeping is one of the best HR consultancy firm, providing individual candidates recruitment and career opportunities services and solutions to its clients. The company was founded by a vibrant team of dedicated professionals with immense knowledge and experience of HR consulting solutions

Organizational Consultancy

Our Organizational Consultancy group handles operational & strategic consulting tasks that help our clients to operate their business process efficiency, increase business growth, improve operational efficiency, and achieve business goals.

Internal Audit

Internal Auditing defines as; "Inspecting and serving the business practices & activities related to its purchase/-sale, profit/loss, operations, revenue, payroll activities, etc."

Regulating internal auditing is important for businesses to protect their records to get perfect direction in future to take the best financial decision.

We assist business to guide risks and raise the role of internal audits with the assistance of our experienced & professionals auditors, specialized in financial and operational internal audit
services, IT audits and other auditing solutions.

Training and Workshops

Learning the right knowledge & latest VAT practice to upskills your workforce and yourself is an essential success factor for the VAT implementation.

With this importance in mind, We can provide VAT Training in UAE to you and your teams to ensure that the skills and up-to-date knowledge necessary for effective compliance are maintained and instilled.

Our team has designed a Value Added Tax Training & Workshop program that will cover the core principles of new VAT laws. We offer VAT Workshop & VAT Training in Sharjah, Dubai, Abu Dhabi and all over the UAE.

Our VAT Training & Workshop team of expert VAT Consultants & professional bring their expertise and experience in this training program to help you understand the practical and commercial realities of working with Value Added Tax.
